

EUROLUB GEARFIT EP 00/000

Description

GEARFIT EP 00/000 is a light green, lithium-saponified, semi-fluid grease based on mineral oil.

GEARFIT EP 00/000 is suitable for central lubrication systems in commercial vehicles and for outdoor equipment with long pipe runs.

- oxidation-resistant
- increased load-carrying capacity
- water-resistant
- good corrosion protection properties.

Can be used with

GP 00/000 K-40

EVOBUS 001 989 05 81
MAN 81.495.030.015
MB 001 989 08 51

Delivery

Art.-No. 708900	20 x 900g	tube
Art.-No. 708005	5 kg	PET bucket, Ø 190 mm
Art.-No. 708015	15 kg	PET bucket, Ø 270 mm
Art.-No. 708025	25 kg	PET bucket, Ø 335 mm
Art.-No. 708180	180 kg	drum Ø 575 mm

Technical Data

Data	Unit	Method	Value
Temperature range	°C		-40 bis +120
Flow pressure at -35°C	mbar	DIN 51 805	<60
Dropping point	°C	DIN ISO 2176	>160
Walk penetration	1/10 mm	DIN ISO 2137	400 bis 460
Soap base			Li-12-Hydroxystearat
Temperature range	°C		-40 bis +120
