

EUROLUB TOP 3000 Langzeitfett

Description

TOP 3000 Long-Life Grease is a yellow/green-fluorescent, semi-synthetic, high-performance EP grease with excellent adhesion. It is water-resistant and very difficult to wash out.

TOP 3000 Long-Life Grease is suitable for the long-term lubrication of heavy construction machinery and agricultural equipment.

- oxidation-resistant
- kneading-stable
- extremely water-resistant
- exceptionally strong corrosion protection properties
- protects against fretting corrosion
- high load-carrying capacity

Can be used with

KP2G-30

Delivery

Art.-No. 707015

15 kg

PET bucket, Ø 270 mm

Technical Data

Data	Unit	Method	Value
Temperature range	°C		-30 bis +110
temperature peak	°C		0-90
Dropping point	°C	DIN ISO 2176	>150
Walk penetration	1/10 mm	DIN ISO 2137	265 bis 295
Corrosion protection		DIN 51802	0
