

EUROLUB LAGERFIT EP 2 LA

Description

LAGERFIT EP 2 LA is a natural-colored, lithium-saponified, mineral oil-based grease. It also contains highly effective EP (extreme-pressure) additives.

LAGERFIT EP 2 LA is suitable for universal use in the lubrication of motor vehicles, industrial machinery, and construction equipment.

- oxidation-resistant
- kneading-stable
- water-resistant
- good corrosion protection properties
- very low internal friction coefficient

Can be used with

KP2K-20

Delivery

Art.-No. 709400	24 x 400g	tube
Art.-No. 709500	30 x 500g	tube
Art.-No. 709005	5 kg	PET bucket, Ø 190 mm
Art.-No. 709015	15 kg	PET bucket, Ø 270 mm
Art.-No. 709025	25 kg	PET bucket, Ø 335 mm
Art.-No. 709050	50 kg	steel drum, Ø 375 mm
Art.-No. 709180	180 kg	steel drum, Ø 575 mm

Technical Data

Data	Unit	Method	Value
Temperature range	°C		-25 bis +120
temperature peak	°C		+130
Dropping point	°C	DIN ISO 2176	>185
Walk penetration	1/10 mm	DIN ISO 2137	265 bis 295
Corrosion protection		DIN 51802	0
Soap base			Li-12-Hydroxystearat
