

97 52 09 SB

Crimping Pliers also for two-hand operation

- for solder-free electrical connections
- the ingenious lever transmission reduces the handforce up to 30% compared with regular crimping pliers
- repetitive, high crimping quality due to precision dies and integral lock (self-releasing mechanism)
- crimping pressure has been set precisely (calibrated) in the factory, re-adjustable
- two-hand operation for easy crimping of large conductor diameters
- easy handling as a result of well balanced centre of gravity, angled head and ergonomically shaped handles
- Chrome vanadium electric steel in special quality, oil-hardened

Article No.	97 52 09 SB
EAN	4003773044024
Pliers	burnished
Handles	with non-slip plastic grips
Applications	insulated and non-insulated end sleeves (ferrules)
Capacity mm²	10 / 16 / 25
Number of crimping positions	3
AWG	7 / 5 / 3
Length mm	250
Net weight g	593

First step: move the handle with two fingers only until both jaws touch the connector to be crimped

Second step: now use the whole hand for further crimping procedure

Third step: when greater hand force is required, such as e.g. when crimping insulated connectors 6.0 mm², two-hand operation is possible by the longer handles

technical change and errors excepted
